President's Message

## Loves Me Some Barn

By DENNIS MOBLEY • PRESIDENT@INMANPARK.ORG

Usually I'm grammatically prim and proper in this column but when it comes to the Trolley Barn, I get all giddy and find myself lapsing into colloquial expressions.

I must confess that, since I assumed office in June 2014, I pay a little more attention to the place

as I arrive early on the 3rd Wednesday of the month, unlock it, turn the lights on, and get the heating (or cooling) in gear. I look around at the expansive space, unobstructed by columns, and the classic architecture that lends both form and function.

As you are probably aware by now, that grand old dame that serves as our monthly meeting hall, not to mention our party venue and archives, is being sold by its current owner, the City of Atlanta.

Thanks to meetings held by Inman Parkers with the Mayor, this will be accomplished via the City's *Invest Atlanta* affiliate. The City Ordinance introduced by our Councilperson, Kwanza Hall, and passed by City Council, stressed the importance of the new owner preserving the historic structure for use as a venue open to the public. All of this is promising in terms of Inman Park's desire that the neighbor-led Atlanta Edgewood Street Railway Company (AESRC) be the successful purchaser.

But the City cannot simply hand it the keys. Instead, through *Invest Atlanta*, it must publicly develop a Request for Proposal (RFP) and advertise it, which they have done. The RFP was released in early September and was due on September 30<sup>th</sup>, 2015. The AESRC submitted what appears to be a very competitive proposal.

We, the Inman Park neighbors, must now think positive thoughts in the hopes that our neighbors at AESRC have submitted what will turn out to be the **winning proposal**. It included what is considered a fair and reasonable financial offer, an offer that could only have been made due to the success of the fund-raising carried out earlier this year.

IPNA will review the resulting proposal. Projected launch is 2016; 5) Kwanzaa Hall introduced legislation for a tiny house feasibility study; 6) Hall also submitted the KLENH study; there has been no follow-up. Some neighborhoods' proposals aren't nearly as detailed, so their descriptions are being refined. The department of public works will report back to IPNA within two months. Discussion ensued about how to expedite

the projects in the KLENH study. Tribby said everything in the KLENH study will be funded. Danny Feig-Sanoval will follow up with Tribby about using existing impact fees to fund the most needed projects sooner. Residents can also present needs at NPU meetings to call the attention of public officials to issues.

**Keith Lamar**, Zone 6 community prosecutor, reported that: 1) Buckhead is having an issue with auto break-ins; 2) his office is working on initiatives including an auto theft task force to lower our insurance rates and stop break-ins by deploying more officers; 3) the alleged Vortex homicide assailants had an arraignment, and the trial date will be announced in the next couple of weeks; 4) Terrell Alexander, auto break-in repeat offender, is coming up for trial, and we will get a court watch notice for that trial as well as the Vortex trial.

*Police Officers' Reports:* **Officer Thomas Soukup** reported that 1) Officer Hays, our newest IPSP member, started his career in Zone 6 and has a vested interest; 2) the recent shootings near Grady were not related to any school event; 3) violent crime is down throughout the city and especially in Zone 6; property crimes are high; 4) there has been a rash of apartment burglaries; don't let people piggyback through the door. Call 911 first and then IPSP.

*IPNA Officer Reports:* **Dennis Mobley**, President, announced 1) we are not discontinuing the directory but making it available online and likely in a different printed format, possibly a print-on-demand version from the Inman Park Business Center; 2) the Bylaws Committee met today and will meet again before next month's IPNA meeting at 6:30 p.m. Email Andy Coffman with questions.

crossing signs. The Education Committee requested additional funds. Discussion ensued. Dennis suggested the committee meet with the board at the October meeting.

# Public Safety Update

BY CHRIS COFFEE • PUBLIC.SAFETY@INMANPARK.ORG

## Staying Safe While Walking or Driving: Don't be a victim!

In my continuing series, I interviewed another of our Inman Park Security Patrol Officers, Investigator Canup. For his APD job, Inv. Canup is a detective with our Zone 6 (VaHi, Poncey Hi, O4W, Candler Park, Inman Park, Edgewood, Kirkwood, East Lake, Grant Park, and East Atlanta), Criminal Investigations Division. When he is not patrolling Inman Park in our IP Security Patrol car, his job is to investigate robberies involving a weapon or threat of force in Zone 6, whether it be a pedestrian mugging, car jacking, home invasion or strong arm robbery (no weapon but threat of violence).

**Q.** What types of robberies are you seeing mostly these days?

**Inv. Canup:** Item snatches that turn into strong arm robberies when the victim fights to keep his valuables. Pedestrian muggings on foot or jumping out of a car and producing a weapon. Car jackings where someone approaches a vehicle at a light or parked/occupied and produces a weapon.

**Q.** What should pedestrians do to keep safe while they are walking around our neighborhoods?

**Inv. Canup:** What you have to know about muggings is they are almost exclusively are more about 'street cred' and kids living the 'street life' then about the stuff they get. These guys, and we have seen an uptick in females, are predators looking for opportunity and weakness. They typically look for people alone, people intoxicated leaving a bar or restaurant, females (alone or in groups), or people distracted by their phone.

**Q.** What can you do if you feel uneasy about a situation?

**Inv. Canup:** Trust your instincts. If someone gives you a bad feeling, carry yourself tall and look them directly in the eye. It shows them 'they see me and they can ID me' and it also shows them that you are aware of your surroundings. The street has taught these predators it might be better to look for an easier target.

**Q.** What do you do if you are held up?

**Inv. Canup:** If a gun is produced, most people look at the gun. Focus on the face. Comply with their demands, give up your valuables, break your tunnel vision on the gun and concentrate on being a good witness.

**Q.** Do you recommend defending yourself with a weapon?

**Inv. Canup:** It's virtually impossible to out draw a gun in your face. However, I am big proponent of peoples right to defend themselves, if they have the means, training and opportunity to do so. If you have a gun, train very well on it. Take classes on how to react in a dangerous situation. Practice pulling the gun in and out of your holster or purse. Do the same with MACE or a knife. Know how to use it. Practice pulling it out of your purse or pocket. Practice pulling it out several times right before you head out for the night.

**Q.** Where have you seen these situations go bad?

**Inv. Canup:** These situations end up badly when the victim chooses to fight back without the proper means or without relevant training. A while back we had a very young group of muggers committing crimes; one as young as 12. So when the 12 year old walked up and pointed a gun at people, they tended to not take them seriously. So the 12 year old had to prove himself by firing shots in the air. They escalated in violence each time and, eventually, it ended in them shooting someone for fighting with them when they went to rob them.

**Q.** What can drivers do to avoid being a car jacking victim?

**Inv. Canup:** When you approach an intersection, ALWAYS leave space between you and the car in front of you (or obstruction) to pull out and away if someone approaches your car. Again, use your instincts here. Look for people staring at you from the side of the road. Keep your doors locked while inside. Don't hesitate to roll your window up on someone approaching. They may be looking for quick access to your car or even looking to snatch your purse or phone. Be wary of anyone approaching your car and don't be afraid to pull off if you feel threatened. Be aware of your surroundings and not on your phone.

**Q.** What else can you add to avoid being a victim in general?

**Inv. Canup:** Be prepared. Have a plan. It's a lot about your attitude. Be confident and aware. Criminals look for the easiest opportunity but you can be a target for robbery even if all you have on you are your keys. The act of robbery is more about the violence than about the stuff they get from you. It can happen anywhere and Inman Park is a target-rich environment with all the walkers, restaurants and people coming and going.

**Q.** What can we do as a neighborhood?

**Inv. Canup:** Be aware. One of the biggest deterrents is a neighborhood that is aware and defended with a sense of community of people looking out for each other. Share information. Continue to support the patrol. Be sure to go to court with many neighbors when violence happens and they are caught. Their buddies see that and your neighborhood will get the reputation of being tough and caring about what happens so they may look for easier targets. **M**

# Public Safety Volunteer Profile

**Name:** Scott Evans  
**Address:** 165 Battery Place  
**Job:** Digital Product Consultant  
**Favorite Sports Team:** Virginia Tech Hokies (sometimes!)  
**Volunteer Position:** Public Safety, Lighting Subcommittee Chair  
**How long have you lived in Inman Park?** 10 years  
**What is your favorite thing about living in Inman Park?** Walkability of the neighborhood; proximity to great food, Marta, the BeltLine; the people.

**What made you volunteer to be on the Public Safety Committee?** To help Inman Park to be as safe and enjoyable to walk in as the neighborhood that my wife and I lived in previously, Cobble Hill, Brooklyn, NY.

**What does the safety of Inman Park mean to you?** It means a great deal. I want my family to be able to safely walk to and from all the great restaurants in the neighborhood; I want my kids to be able to play in the park without feeling threatened. I like populated communal areas and would like to help bring that experience to IP. **M**

Alex knew immediately how best to market the house for the rental market and sure enough the right tenants were found, written, and signed up within days. Alex is a **PLEASURE TO WORK WITH** and facilitates every step of the process making what could be a difficult task a breeze.

Lee

Alex helped me buy a house for rental purposes, and since I had never done this before she had to lead me by the hand throughout the experience. She understood immediately what kind of home I was looking for, got me new listings as soon as they came on the market, gave me outstanding recommendations on both the purchase and the rental market, was available by email or phone at all hours, and even took over some repairs to the house when I had to go out of town.

Kevin

Alex was with me every step of the way during the home buying process...we had a few challenges during this purchase and she was there to fight those challenges each and every time...I now have a forever agent and **WOULD RECOMMEND HER TO ANYONE AND EVERYONE.**

Peter

She is fun to be with, entirely honest, and can be trusted to put herself into her clients' shoes rather than trying to sell a house that is not right for them.

Sharon

I FEEL SO FORTUNATE TO HAVE WORKED WITH HER and cannot recommend her highly enough.

## President's Letter *continued*

I must say it was with considerable pride that Faye and I attended the "Love Our Barn" event on Valentine's Day night where we saw 150+ neighbors fork over significant sums of money to make that event a stellar success. The simultaneous Fundly effort also netted tens of thousands of dollars, and kudos to all of you who contributed in that way.

This was followed by the Silent (virtual on-line) Auction held during March of a number of items offered up by neighbors and friends of the Barn. That too was a great success, and thank you to all those (including Faye's and my 99-year old Aunt, Martha Mobley Parish), who offered items for sale and thank you to all of you who wisely bought them!

The official schedule for the sale of the Barn by *Invest Atlanta* (per the RFP) is for proposals to be evaluated by them during October and into November, and a purchaser to be recommended to the *Invest Atlanta* Board of Directors. Proposals will be ranked the most superior in terms of financial offer and qualifications to preserve the Barn as a community asset. I hope their Board will approve the recommendation in December and the closing of the sale to be soon thereafter.

In the meantime, the next chance you get, swing by the Barn and remind yourself why those of us who frequent the place are all smitten by that marvelous edifice. In fact, I invite you to come to this month's IPNA meeting early and look around the building and the grounds. Keep your fingers and toes crossed all the while. **M**

## Porch Party at the Barn

By LINDA DUNHAM • [ATLBARN@BELLSOUTH.NET](mailto:ATLBARN@BELLSOUTH.NET)

The October Porch Party will be October 30 at The Trolley Barn. The party starts at 7:30 p.m. We hope that you will attend and enjoy the fellowship and the facility. In the spirit of Halloween, we encourage you to dress up for the occasion. Of course, you may come as yourself but no birthday suits please!

The Board of Directors of the Atlanta and Edgewood Street Railway Company continues to work diligently with Invest Atlanta to purchase The Barn. The process is slow but progress is being made. Hope to see you on October 30th for a festive porch party. **M**

# 2015-2016 IPNA Budget Overview Fiscal Year 11/1/2015 to 10/31/2016

By BARBARA LEACH • TREASURER • TREASURER@INMANPARK.ORG AND DENNIS MOBLEY • PRESIDENT • PRESIDENT@INMANPARK.ORG

## INCOME:

Despite a rather gloomy Festival Saturday, this year's event resulted in a very healthy contribution (\$185,000) of funds received from our Festival Treasurer at the August IPNA meeting. The \$181,250 of Festival Revenue in the proposed budget reflects the Board's recommendation for FY16 spending based on the cash we have in the bank plus a conservative projection of Festival 2016 revenue. As has become our practice, the proposed Festival Revenue is based largely on actual results from a Festival already concluded.

Security Patrol Memberships/Fundraising is running slightly ahead of the FY15 budgeted level of \$110,000 so we've increased the FY16 projection to \$120,000 which we think is a realistic goal given the fundraising and membership drives planned for this Fall. IPNA Membership Dues and sales of Flags and Banners is running within a few hundred dollars of previous budget estimates. Proposed budget revenue of \$301,775 IS **\$27,225 greater** than last year's budget.

## EXPENSES:

Proposed Budget Expenses of \$336,775 are based on **spending the \$35,000 surplus** we expect from the current budget year. The projected surplus assumes that the Trolley barn purchase will not close by October 31 and that we will essentially carry those funds forward to contribute to a Trolley Barn purchase in FY16. Without the surplus, spending will increase only by the \$27,225 in increased income.

Major expense categories are shown below, comparing proposed expenses, previous budgeted expenses, and variances.

Category	2014-2015 Budget	2015-2016 Proposal	Variance
Public Safety	\$152,500	\$175,500	+\$23,000
Communications	\$19,100	\$22,600	+\$3,500
Planning	\$15,050	\$3,050	(\$12,000)
Beautification	\$32,500	\$57,000	+\$24,500
Executive	\$13,200	\$17,625	+\$4,425
Social	\$12,700	\$13,500	+\$800
Grants	\$29,500	\$47,500	+\$18,000
<b>TOTAL EXPENSES</b>	<b>\$274,550</b>	<b>\$336,775</b>	<b>+\$62,225</b>

Drivers of year over year variances in proposed spending are as follows:

The tragic Vortex shootings, a rash of car break-ins, and all-too-frequent armed robberies have compelled us to gear up for increased Inman Park Security Patrol coverage. An **increase of \$23,000 in Public Safety** is proposed in this regard.

The IPNA Board's decision to directly hire Atlanta-based *MemberClicks®* to improve its website and database infrastructure, without a vendor serving as "middle man", will enable us to reduce funds budgeted for these desired improvements. Simultaneously, support for the Education Committee (\$15,000) is now categorized under Communications per IPNA By-Laws.

The amount was increased by \$5,000 based on feedback received at the September IPNA meeting. The net result is an **increase of \$3,500 in Communications**.

During the past year, Atlanta voters approved a \$250 million infrastructure bond. Each member of City Council was given a couple of million dollars to allocate to neighborhood-based improvements in Council-approved master plans. Several high-priority intersection improvements from our Krog-Lake-Elizabeth-North-Highland ("KLENH") traffic study were proposed to Councilman Kwanza Hall. We are hopeful that funding including engineering studies will be forthcoming via this process. It should be noted that Councilman Hall is also attempting to find City funds to finance a master land use plan that anticipates development supporting "life-long" living in Inman Park. Therefore, the 2015-2016 budget proposes only a \$3,000 "placeholder" amount for engineering or consultant studies. The net result is a **decrease of \$12,000 in planning** resources.

Beautification efforts are slated for a significant increase, including a resumption of significant subsidies for sidewalk repairs. Other beautification activities are budgeted at somewhat increased levels. The net result is an **increase of \$24,500 in beautification**.

Under the Social category, an **increase of \$800** is being proposed mainly to bolster the amount available for the annual Holiday Party, in the hopes that our new membership structure and web infrastructure improvements will lead to increased IPNA membership in time for the Party.

The biggest change under the Grants category is the anticipated \$30,000 IPNA contribution to the purchase of the Trolley Barn, using the bulk of the current fiscal year's anticipated \$35,000 surplus. Also significant is the transfer of \$15,000 for the Education Committee to the Communications category. In other respects, Grants are somewhat below last year's level that included a one-time contribution of \$5,000 in support of Dad's Garage's efforts to finance their new home in the nearby Old Fourth Ward. The Board is proposing to set aside \$3,500 to accommodate any future small grant requests. Also, Transportation Committee chair Danny Feig-Sandoval requested the transfer of \$2,000 from Traffic Calming to a grant to PEDS. The sum total of these changes is an **increase of \$18,000**.

Proposed budget expenditures of \$336,775 are **\$62,225 greater** than last year's budget estimate. This is made possible by virtue of increased Festival and Security Patrol revenue AND the current fiscal year's anticipated \$35,000 surplus which was engineered solely for the purpose of **supporting the Trolley Barn purchase**.

A detailed line-item tally of year-to-date (YTD) actuals for the seven-month period from 11/1/2014 to 7/31/2015 is attached. It includes a projection of annual income and expenses for the current budget year as well as a comparison of the previous and proposed budgets. **M**

# Knock Knock

BY JAMES NEWBERRY AND MARY WHITE • NEIGHBORS •  
MARYWHITEATL@YAHOO.COM AND JNEWBERRY756@GMAIL.COM

Who's there? ...Beverly Gibson moved into the "Peach House" on Spruce Street in 1995. It was one of five Victorians on the market at the time. The house needed a lot of updates, but its craftsmanship, wood floors, and circular porch caught Beverly's eye. She had already fallen in love with Inman Park because as she said, "It's a little piece of Berkeley and Cambridge in Atlanta." She likes the community's live-and-let-live mentality and the diversity of people. She considers herself an Inman Parker first, an Atlantan second.

In addition to working at a software company, Beverly started the Peach House Bed and Breakfast in 2004. "One of the best things about a B&B is hosting people from all over the world," she said. "I didn't have to travel, because everybody came to me," until an afternoon in 2012. She was picking her daughter up from the hair salon when she got a call from her neighbor. "Is everybody okay?" he said. "It's our tree and I feel really badly." Beverly drove up to find her circular porch decimated by a fallen tree from her neighbor's yard. Not only was her porch in pieces, her gazebo was gone and the house's foundation even shifted. "It was unbelievable," she said.

Life for Beverly is "before the tree and after the tree." Reconstruction lasted eight months and she is still addressing a rogue leak in the porch ceiling three years later, but her outlook is positive. "Before the tree we didn't have working fireplaces," she said. "Now, they go all the way up, and we actually found two more in the process." Beverly salvaged beadboard planks from the original porch for her central hallway. Like works of modern art, the oiled planks run from the wainscoting to the ceiling high above. They are a beautiful reminder of an ugly event. **M**

If you would like to support the library, consider joining The Friends of Ponce Library. They will be meeting at 7 p.m. on October 28 and November 18 in the meeting room at the Ponce Library to discuss how to support the library.

The Friends will be putting on a used book sale fundraiser on Saturday, December 5th from 10 a.m. - 3 p.m. They need help setting up for the sale on Friday, December 4th and during the sale on Saturday, December 5th. ## Candler Park Conservancy Hosts Public Input Meeting

BY LAUREN WELSH • CANDLER PARK CONSERVANCY BOARD MEMBER • LNWELSH@GMAIL.COM

The Candler Park Conservancy is eager to get input from nearby residents about the priorities of the organization and what people want to see accomplished in the park. We have quite a bit of feedback from the Candler Park Neighborhood Organization's Master Plan, but now we're ready to drill down a bit further and lay out a plan of improvement.

Please join us on **Saturday, October 24 from 9 a.m. to 11 a.m. at the First Existentialist Congregation** at 470 Candler Park Dr NE to learn more about the overall goals of the Conservancy and provide input on where you believe the group and members should focus. We'll have a guest speaker at the event to provide a bit of background about balancing conservation and growth objectives, and attendees will participate in group activities discussing the assets of Candler Park.

The Candler Park Conservancy also wants to extend a sincere THANK YOU to the Candler Park Neighborhood Organization and Garden Films Production for assigning the \$10,000 donation from the filming of "The Fifth Wave" for Candler Park improvements. These initial funds will really help the Conservancy get moving! **M**

# Growing an Inman Park Tradition – We need you!

BY DEBI STARNES • SUGARMAGBB@GMAIL.COM • 404-222-0226

Dear Neighbors,

It's time to get started on this project – as a reminder, a neighborhood in Greensboro, NC created these balls and they are SO, SO, SO COOL!!!! Over the last three years, we have started this in Inman Park. Our big trees, with large horizontal limbs are perfect – and the overall effect is just beautiful. We want to see them on balconies across Inman Park too so apartments and condos are not excused!

Last year, we had about 250 balls, at close to 40 homes, on at least 16 streets. But, we need 1000 balls, and we need them higher in the trees, to get the full magical effect (we have methods to help you get yours up high). This year will determine whether this will be an Inman Park tradition because a few other neighborhoods are trying to copy us. We need to claim this as an Inman Park thing and not let them get ahead!

You have three options to get it done:

- A) **Make yours** on your own at home. You need chicken wire and strings of mini lights. The video links below can help.
- B) **Buy yours** for \$25 each. Youth organizations are being recruited now to fulfill orders! Place your order with Debi Starnes by November 1, 2015.

- C) Or the most fun way is to come to a **“Ball Makin’ Workshop”**. It is fun to do it together and it will help motivate all of us to get our balls done! You should bring 45 inches of 24 inch tall chicken wire and 200 mini-lights (2 strings of 100 lights) for each ball.

Hanging starts December 5 so get your balls of lights ready!
