  3. **Availability of other land suitable for proposed use: effect on balance of land uses:** The Office may consider availability of other appropriate land already zoned for the proposed use, general and in the area of the proposed change.   4. **Effect on character of the neighborhood:** The Office shall consider the effect of uses permitted under the proposed change on the surrounding neighborhood and shall report any substantial probably adverse influences on desirable living conditions or sustained stability, or any tendencies toward blight and depreciation likely to result from the change.
  5. **Suitability of proposed use:** The Office shall consider whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.
  6. **Effect on adjacent property:** The Office shall consider whether the zoning proposal will adversely affect existing use or usability of adjacent or nearby property.
  7. **Economic use of the current zoning:** The Office shall consider whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

# CONCEPT REVIEW COMMITTEE (CRC)

**Beginning September 1, 2019, any projects desiring to submit for re-zonings or subdivisions will need to consult with the CRC prior to applying with the Department of City Planning.**

## CRC OVERVIEW

The CRC is a pre-submission meeting program designed to assist customers in navigating the City's development processes. It will serve as an opportunity for customers to meet with representatives from the City's plan review agencies at the forefront of the project design stage to refine plans and scope in an open and organized format. The CRC will save time for both the applicant and the City, by highlighting challenges and clarifying processes ahead of submission, thereby reducing the number of follow-ups and streamlining the overall review process. The CRC is not meant to extend the timeline or apply additional regulations, rather provide technical feedback prior to beginning the entitlement and permitting process. With the adoption of Resolution 19-R-3750 by the Atlanta City Council, tree protection and site development have been identified as an immediate area of focus for the CRC.

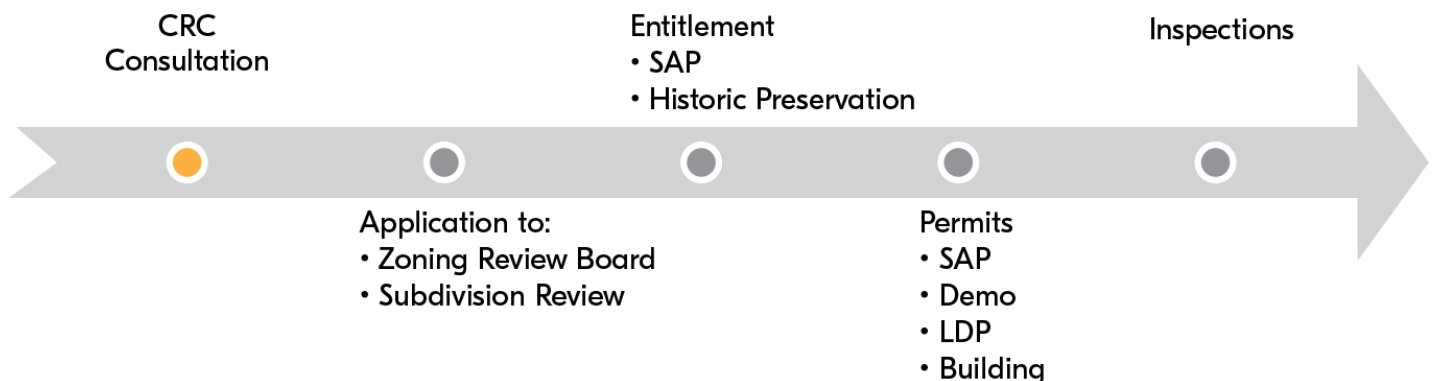

## WHY

**A BETTER ATLANTA**  
Emphasize design and innovation in development and construction

**CUSTOMER SERVICE**
